

Adding an Official Type

Last Modified on 26/10/2016 10:37 am AEDT

Quick Steps: Go to **Competitions > Officials > Official Types > Add**

Official Types allow you to set up the different types of officials required for your matches, including referee, umpire, linesman, goal umpire, and so on. This option allows you to designate officials to a specific role, as well as set their standard payment rate.

Adding an Official Type:

1. Within the Management Console, select **COMPETITIONS** from the top menu, then **OFFICIALS** from the left menu.
2. Select the **OFFICIAL TYPES** button at the top of the screen.
3. Click **ADD** to add a new type.
3. Designate the Title of the new Official Type, then assign it a Code, and a Match Charge.
4. Click **SAVE**, and you can now start assigning Officials to this Official Type.

[Click Here](#) to learn how to Add an Official.

Adding Official Types allows you to ensure that only those that are qualified for a certain role are placed in that role when assigning officials for games.
