Editing a Season allows you to make changes to the details for the season, including the dates that the season runs from and to.

Editing a Season:

1. Within the Management Console, select **COMPETITIONS** from the top menu, then **SEASONS** from the left menu.
2. Click on the **EDIT** button on the right hand side of the relevant seasons.
3. Complete all of the relevant information that needs to be edited.
4. Click **SAVE**. Editing a Season allows you to update the name, dates and sport for a season.

Once you've created a competition within the season, don't make changes to the sport to ensure there are no errors in creating and managing your competitions.
