There are different settings that you can use within the competitions online portal to make administering or even just following your team easier

Select a Team or Competition as a Favourite

One of the more useful and commonly used icons is the Favourite icon

This allows administrators and fans to flag their competition or team to show automatically

This is done by pressing the Yellow Star next to the competition or team. To remove this favourite so that all teams display select the Stop icon next to the team name as shown in the screen shot below

On the left is a sidebar with a title 'STG Sample Competitions Page' and a sub-header 'ADMINISTER COMPETITIONS FROM ANYWHERE YOU HAVE ACCESS'. Below this is a blue box with the text 'MANAGE COMPETITION RESULTS, LADDER GENERATION AND PLAYER STATISTICS FROM A COMPUTER OR SMARTPHONE WEB BROWSER.' and a paragraph of descriptive text. A bulleted list of features follows: 'User friendly generation of competition fixtures', 'Automated results and ladder generation with match and player statistics', 'Integrated referee assignment and venue management', 'In-built tracking facility for player statistics', and 'Integrated with all other STG modules for a 360 degree customer view'. The main content area has a 'SEARCH COMPETITIONS' box with filters for 'Season: All', 'Day Played: All', 'Competition:', 'Gender: All', and 'Time From: 12:00 AM'. There are 'Reset' and 'Search' buttons. Below the search filters are two sections: 'Favourites' and 'Competitions'. The 'Favourites' section contains one entry: 'Hockey Social - Standard Team Comp' with links for 'Fixtures', 'Results', 'Ladder', 'Statistics' and a red minus icon. The 'Competitions' section contains four entries: 'Hockey Social - Standard Team Comp' (with minus icon), 'Knockout Single Player' (with yellow star), 'Round robin' (with yellow star), and 'Social Netball Comp' (with yellow star).
