

# Updating Your Bank Details for a Classic Console

Last Modified on 17/11/2016 9:45 am AEDT

SportsTG settles to accounts weekly. Our settlement period runs from Saturday through to Friday (midnight to midnight) and funds are settled the following Tuesday and usually cleared by the bank within 24 hours of that time (dependent on your banking institution)

For security purposes, your bank account details (displayed in Administration > Details > Bank Account Information) can only be updated by SportsTG staff

To have your bank account details updated, please submit a request using this form - [Click Here](#)

Bank details are updated on a Friday each week and your new account details will show then in your console
